WAIVER SERVICES

Waiver Services are crucial in supporting individuals with diverse needs, ensuring they can thrive in their communities.

These services are tailored to address specific challenges and promote independence, ultimately fostering a greater quality of life.

- **Positive Behavioral Interventions & Supports (PBIS)**

focuses on creating positive environments, encouraging good behavior, and reducing challenging behaviors that can jeopardize the ability to remain in the community.

- **Community Integration Counseling (CIC)**

CIC services have been specifically developed to aid individuals in effectively managing the emotional challenges that arise from adapting to and residing within the community.

- **Independent Living Skills Training (ILST)**

ILST Services are here to help you improve and maintain your ability to live as independently as possible in your community.
